### Parental permissions

*E:safety (staff and children)*

There are procedures in place that govern the use of IT equipment on site. Where iPads or similar are used by staff to record children's learning and development or as a management tool, a risk assessment is completed and only equipment owned by the setting is used. Visitors to the setting using IT equipment, such as Ofsted or Social Care, are advised of the procedure for its use and must seek prior permission from the setting manager.

In some instances children will use ICT equipment to promote their learning and development under the supervision of staff. Children do not normally have access to the internet and never have unsupervised access to the internet.

**I give permission for my child to use ICT equipment for the purposes stated above. I understand that there are procedures and risk assessment in place to govern its use and that staff and visitors may also use ICT equipment to record and monitor children's learning and development.**
